

Valerio Santoni

Digital Product Specialist · AI & Business Transformation

Geneva, Switzerland | valeriosantoni7@gmail.com | linkedin.com/in/valeriosantoni | valerioswiss.com

I turn messy client data into dashboards that move decisions. Now Digital Product Specialist in AI & Business Transformation in Geneva; previously Business Intelligence at UBS Zurich and Data Analyst at Philip Morris International in Lausanne. Double-degree Master's (Clermont 4.0/4.0, Pavia 108/110). Nova Talent member. Lived and worked across Italy, France, Germany and Switzerland.

PROFESSIONAL EXPERIENCE

- Digital Product Specialist, AI & Business Transformation**Sep 2026 – Present
- World Economic Forum · Technology & Digital Innovation · Geneva
- Business Intelligence Specialist**Mar 2026 – Aug 2026
- UBS · Personal & Corporate Banking – Marketing & Digital Sales · Zurich
- Managed and developed the client data management dashboard for Marketing & Digital Sales (Power BI, SQL)
 - Supported the Client Intelligence project with data-driven insights to improve client engagement and segmentation
 - Monitored marketing events end-to-end, from campaign setup to performance reporting and stakeholder delivery
 - Supported data governance and quality validation during the Credit Suisse integration
- Data & Reporting Engineer Intern**Sep 2025 – Feb 2026
- UBS · Technology Function · Zurich
- Built a traffic monitoring system tracking marketing and digital sales KPIs (Power BI, SQL)
 - Worked with service management databases on Azure Databricks; built dashboards and dataflows from multiple sources
 - Gathered requirements, wrote test cases and deployed reporting solutions, with GitLab for version control
- Data Analyst Intern**Feb 2025 – Aug 2025
- Philip Morris International · Brand Retail Deployment · Lausanne
- Aligned the BREPT database with ISquare in Python: found discrepancies across 1,500+ records and automated location reconciliation
 - Designed Power BI dashboards reporting Q1/Q2 KPIs across the global retail ecosystem
- Earlier**Feb 2022 – Jun 2024
- Center for Global Strategic Engagement Intern, Università di Pavia (EC2U Alliance) · Disciplinary & Project Tutor, Università Politecnica delle Marche (Private Law, Design Thinking sprints)

AI PROJECTS — personal, @valerio.swiss, 2026

- **Automated content factory** — pipeline turning a short brief into branded carousels, reels and stories with data-driven motion graphics and captions in one pass. Remotion, React, TypeScript, Node.js, Claude
- **AI coaching workflow** — reusable Claude skill: client intake and CV into a call prep sheet with live notes, then a branded PDF plan and follow-up emails. Claude Code skills, Python, HTML/CSS
- **Operations cockpit** — single-file dashboard running the brand day to day: content previews with one-click captions, weekly plan, to-dos with saved progress. HTML, JavaScript, localStorage

EDUCATION

- Clermont School of Business · Università di Pavia** — double degreeSep 2023 – Dec 2025
